

## UHCC OVERVIEW

### Our Mission

To provide leadership, opportunities for economic growth, professional development and community involvement for our members.

### Who we are

A network of business and professional associations and entrepreneurs working together to expand economic development opportunities, serving as an advocate for legislative issues and promoting trade in the State of Utah.

### UHCC History

The UHCC was established in 1991 with a handful of entrepreneurs who had a vision for diversity in commerce. Over the past few years, the UHCC has become an influential organization and a strong voice for the Hispanic business community in Utah. It plays a key role in coordinating and defining common goals for the relationships between business, community and government. One of the truly valuable benefits of this organization is that it provides an effective and useful forum for members and organizations to share knowledge and experiences with each other.
